

Daniel Lurie

Founder and CEO, Tipping Point

Daniel Lurie founded Tipping Point Community, a nonprofit that aims to break the cycle of poverty in the Bay Area, in 2005 at the age of 28. Since then, Lurie has led the organization as CEO, helping to raise more than \$200 million to support the most effective front-line interventions in education, employment, housing and early childhood development through grant making and policy change. Tipping Point's board covers all of its fundraising and operating costs, so 100% of every dollar donated goes where it's needed most.
